On Friday night we had some door to door sales women in the Alpine and Plainfield area trying to sell Kirby Vacuum cleaners and Kirby cleaning products. The women were very pushy with senior citizens in trying to get into the houses and left a couple of homeowners feeling threatened.

They were driving around in a white Chevy mini-van going door to door. Alpine Township has not issued any soliciting permits for Kirby or any other organization. If you have a problem with any door to door salesperson you may contact the Sheriff Department at 632-6100.

As a general note all door to door sales or solicitors need to register with the township, there is no cost for church groups or registered charities, but they must still go through a background check before being allowed to solicit in the township.
